Forecast for Wednesday 21 Jul 2021

Weather: Some patchy low cloud across the Trossachs and perhaps eastern Lochaber through the early hours. This soon disperses after dawn, giving a hot, dry and sunny day. Some patchy low cloud may spread back into Trossachs after dusk, but clear skies elsewhere.

Chance of cloud free mountain/hill tops above 800m: 90%.

Visibility: Very good, but locally poor in any early morning low cloud with bases around 600m.

**Level above which ground is expected to be frozen/snow is expected to settle.*

Met Office Aberdeen Meteorologist's View
High UV levels and hot temperatures will give a risk of heat exhaustion. Sun protection recommended.

Forecast for Thursday 22 Jul 2021
Weather: Patchy low cloud in the early hours across the Trossachs and perhaps eastern Lochaber. This disperses soon after dawn to give another hot dry and sunny day. Low cloud forms again over the Trossachs late evening, but clear skies elsewhere.

Maximum wind: Light and variable.

Chance of cloud free mountain/hill tops above 800m: 90%

Visibility: Very good, although locally poor in any low cloud early morning and late evening across far eastern ranges, with cloud bases around 500m.

Temperature: **Glens:** Plus 15 Celsius rising to 27 Celsius.
At 800m: Plus 15 Celsius rising to 19 Celsius
Freezing level: Above the summits.
